

house in which the gang were making their headquarters. All the women were released except the Allen woman on habeas corpus proceedings in New York. After being held a prisoner in police headquarters in Mulberry Street, New York, for one month and a day, Miller and Allen escaped, Allen being recaptured within a few minutes. Miller is a brother of a detective stationed at police headquarters in New York. The escape was the first in New York in many years and it has never been satisfactorily explained. So far as is known here, no one has ever suffered for the escape of the prisoner, except a turnkey who was knocked in the head as the men left the place, and he is not thought to have had any complicity in their escape.

**Governor Takes a Hand.**  
Yesterday morning Mr. Scherer had a talk over the long distance telephone with Governor Swanson at the exposition. Governor Swanson instructed his secretary, B. P. Owens, Jr., to wire the Secretary of State, Washington, to request the British minister in Washington to cable his home office to hold Miller the usual sixty days and say that the necessary requisition papers would be forwarded to Washington tomorrow.

The British authorities will escort their prisoner to Liverpool and see him on shipboard before the Virginia officers assume entire charge.

## TINNERS TO GO ON A STRIKE

A General Lock-Out Will Be Effective Monday.

The employing tinners of the city decided last night to declare a general lockout effective Monday morning and to last until the present difficulties have been adjusted.

A strike of the tinners of the city has been in progress here for the past ten days or more. The tinners asking a minimum wage of \$2.50 a day with certain other restrictions as to recognition of the union, hours, etc. The bosses offered a flat scale of \$2.25 a day, and this was rejected by the tinners, who declared a strike.

It is said that there have been about 125 tinners employed here, of whom 65 were out when the strike was called. The balance were receiving already more money than the \$2.25 offered by the bosses, the old scale in many shops having put a premium on skillful workers, some receiving \$3.50 and \$3.75.

About half the tinners in the city are now out, and since the question has been put squarely up to the employing tinners, they have decided to declare a general lockout until the questions at issue are determined and a wage scale agreed upon.

## WHAT CANDIDATES PAID TO RUN

Talk of Independent Candidate Against Hechler Is Dying Out.

Mr. H. C. Hechler who was nominated Treasurer of Henrico county in the election, filed yesterday a sworn statement of his expenditures in the election as required by the Barksdale law.

The statement shows that the election cost Mr. Hechler \$17.75; advertising, \$12; printing and postage, \$34.75; fee, \$25.

Mr. Myer Angle, defeated candidate for justice of the peace, also filed his statement yesterday, showing his expenses to have been little more than the fee required by the County Democratic Committee.

Little talk is heard about the courthouse of an independent candidate to the election. It is pointed out that the few days after the election the air was thick with rumors of all sorts, but as far as could be learned from those visiting the courthouse yesterday there is no disposition to contest the election, and no serious suggestion of any large number of Democrats bolting the ticket.

It is pointed out that the local fights in the recent election brought out so large a vote, exceeding the vote of the number of Democrats in the county considerably. Beyond those

## NEGRO SHRIMPERS PAINT TOWN A RICH RED

An imposing street parade was held last night by the Imperial Council of Colored Shrimpers, who are holding their convocation in Pythian Castle on North Third Street.

The parade was the striking feature of yesterday's session, four or five hundred of the uniformed shrimpers, headed by a brass band, paraded Broad Street, burning red lights and attracting considerable attention. A large number of visiting camps of Shrimpers are in attendance on the convocation and took part in the street parade.

## COST HIM \$10 TO SOAK A CONDUCTOR

W. R. Godsey, who was charged with assaulting a conductor in the employ of the Passenger and Power Company, was fined \$10 in the Police Court yesterday morning.

The conductor testified that Godsey refused to pay his fare, and afterwards became abusive and finally attacked him. Godsey showed that he had gotten the worst of the encounter, and on this account was let off with a light fine.

For Cutting Jim Hubbard.

John Loomery (colored) was arrested last night by officers of the Second Police Station, charged on a warrant with feloniously assaulting, cutting, stabbing and wounding James Hubbard. The case will be tried this morning in the Police Court.

"The Steinway Contests All Excellencies."

This is the decision of the great Nordica after thoroughly testing all the leading makes of Pianos. "I have a Steinway in my house; it contains all excellencies."

Can anything be plainer than the above words? But ALL the GREAT artists praise the Steinway—all who know its matchless worth prize it.

And the Steinway is one of the famous makes of Pianos that we sell and have sold for years.

You are never experimented upon when you choose an instrument from this line:

Steinway, Hardman, Kimball, Wheelock, Standard, Stuyvesant, Haines, Brewster, Weser.

\*It is an easy matter for a piano house to claim superiority. The above line of Pianos have proved their superiority.

Do you catch the distinction?

Now, when you are reminded by the school days that the children need a piano, get a good one.

You can't afford to experiment—to take chances with your children's musical education or the risk of a bad piano in your home.

The prices and terms are right. All you have to do is to look over the line and get the prices and terms to be convinced of the fact.

The West India Committee is an association of merchants, planters and others interested in the islands, and it has a royal charter dating back to 1700. Dr. Liebig, the famous German Chemist, says that beer is "liquid bread." By this he means that beer is a food—full of life-giving, health-sustaining qualities.

The value of beer as a food is becoming well known, and it is now used by many who have hitherto looked upon it as a beverage only.

# Pabst Blue Ribbon

The Beer of Quality

is the most nourishing of all beers—because it contains every particle of the healthful, wholesome nutriment of the malt and all the tonic properties of the hops from which it is made.

The Pabst Eight-Day Malting Process follows nature by slowly transforming the substance of the barley into pure, nutritious food. The quality of the materials used and the Pabst method of brewing make Pabst Blue Ribbon not only a pure beer, but a healthful, tissue-building, muscle-building, life-giving, "liquid bread." Drink Pabst Blue Ribbon, and you put health and strength into your system.

When ordering beer, ask for Pabst Blue Ribbon.

## Heard and Seen in Public Places

State Senator Aubrey E. Strode, of Amherst, who has just been triumphantly re-nominated over his competitor, Mr. W. K. Allen, in the Nineteenth District, is in the city on legal business, and is stopping at Murphy's. Senator Strode is taking his victory philosophically, though he was warmly congratulated by many friends in the lobby last night. He has had no particular measures which he would press in the coming session, the popular young legislator declined to say for publication, though it was evident from the tone of his conversation that he intends to take an active stand in the interests of his people and the State.

The senator carried the county of Amherst, by a large majority, and he is now in the city, where he is being warmly received by his friends. He is a member of the Virginia State Association, in which both he and his recent competitor, Mr. Allen, are active.

In his contest with former Senator Bland, who was defeated by a majority of only about fifteen, the Democrats of the Nineteenth District, the senator was warmly supported by his friends, and he is now in the city, where he is being warmly received by his friends.

Prominent visitors in the city last night were Captain W. R. Boutwell, of Norfolk, who is here on business, and Hon. George E. Murrell, a former member of the House of Delegates from Bedford county.

Major George M. Helms, of Franklin, former superintendent of the State Penitentiary, arrived in the city yesterday, and is stopping at Murphy's. Major Helms was in his usual good spirits, and was warmly greeted in the lobby by many old friends. It is understood that he is an applicant for his old place, and that the race will be between himself and the incumbent, Major E. F. Morgan. It was stated at Murphy's last night by friends of Sheriff Solomon, of Henrico, that he was not a candidate and would not enter the contest.

The election will meet on September 24th to make the selection, and the friends of Major Morgan are claiming four out of the five members, though this claim is not conceded by the supporters of Major Helms, who are anxious to see him win out. The board of directors of the National Association of Prison Directors, they will return as soon as the meeting is over, and remain here until the election will take place on the day named.

Rooms have been engaged at the Jefferson for the members of the Petersburg (Pa.) Commandery, No. 1, Knights Templars. The party will arrive here next Thursday en route to the Jamestown Exposition, and will remain here for at least one night.

The National Convention of State Insurance Commissioners will be held at the Jefferson tonight, and will continue for two days, together with the regular run of travel and other reservations already made, will give this popular hostelry a heavy week-end business, and there is a perceptible pull-up in the travel to the exposition.

Commonwealth's Attorney Henry O. Humphreys, of Bedford, is in the city. Mr. Humphreys is a candidate for re-election to the office of Commonwealth's Attorney, and has been nominated by the Democratic party. He is a member of the Commonwealth's Attorney's Association, and is a member of the Commonwealth's Attorney's Association.

Hon. Thomas H. Edwards, of West Point, has just been nominated by the Democratic party for the office of Commonwealth's Attorney for the counties of Hanover and King William. He was in the city yesterday, and is a member of the Commonwealth's Attorney's Association.

## CIVIC IMPROVEMENT LEAGUE

### HOLDS IMPORTANT MEETING

The first autumn meeting of the Civic Improvement League was held last night at 8:30 o'clock at Fraternity Hall, No. 215 West Broad Street.

The president, Charles B. Cook, presided. Much enthusiasm was expressed in regard to the playgrounds, which have been in existence during the past three months at Nineteenth and Main Streets, the distribution of flower seeds, with which to beautify the city and the prizes for the best children's garden, which were awarded by The Times-Dispatch.
